ABOUT GULLIVER PREPARATORY SCHOOL

Gulliver Preparatory School, established in 1926, is a nonprofit, independent, coeducational, nonsectarian day school serving approximately 2,200 students in grades PK-12. Gulliver's mission is to create an academic community devoted to educational excellence, with a personal touch, that fulfills each student's potential. Upper School at Gulliver Prep is a time of expansive exploration, deep nurturing, bold empowerment, powerful personalization, pioneering entrepreneurship, and intellectual freedom.

EXTRAORDINARY OPPORTUNITIES AND A COMMITMENT TO INNOVATION

Gulliver Prep students have room to explore a challenging array of unique elective choices, in addition to both International Baccalaureate and Advanced Placement tracks.

- Gulliver's International Baccalaureate diploma rate is historically above 95%, and 186 members of the classes of 2022 and 2023 are participating.
- Gulliver offers 32 Advanced Placement courses with an 84% pass rate.

By enrolling in six or seven courses per semester, our students engage deeply in meaningful academic opportunities in addition to their challenging core coursework.

A DIVERSE STUDENT BODY BEFITTING A GLOBAL CITY

Gulliver Prep's student body represents more than 50 countries, and more than 25% of our students come from homes where a language other than English is spoken.

GULLIVER AND COVID-19

In so many essential ways, Gulliver's operations and functioning were spared the massive disruptions that impacted so many of our South Florida peer schools. We moved to fully-remote learning on March 13, 2020, and reopened our doors to blended learning on September 10, 2020, after starting classes remotely in August. This year, we have opened fully in-person, while enforcing mandatory mask use, and are doing all we can to keep our kids safe. We were able to maintain the integrity of our academic experience last year with a lot of hard work and great resources, and were able to get hotspots and other assistance to our kids who struggled with internet connectivity issues. We maintained our normal grading system, and did all we could to ensure that student performance in 2019-20 and 2020-21 reflected the same rigor and range that would have been reflected in a more normal year. Our students were obviously heavily impacted when it came to SAT and ACT testing, as our area was widely shut down for those tests last year, and it's fair to say that the 2021 AP scores were also more varied than we would have expected for some students. Also, naturally, the stress of the pandemic has been immense for everyone involved: students, families, and teachers alike. For every student, there has been impact, often significant. As a whole, however, we have been fortunate, and the transcripts of our students reflect an academic experience that is as "normal" as it could have been in such abnormal times.

MARKING SYSTEM AND PROGRAM OF STUDIES

Academic Honors Mark: B+ College Recommendation Mark: C

100-97 = A+ = 4.33	96-93 = A = 4.00
92-90 = A- = 3.67	89-87 = B+ = 3.33
86-83 = B = 3.00	82-80 = B- = 2.67
79-77 = C+ = 2.33	76-73 = C = 2.00
72-70 = C- = 1.67	69-67 = D+ = 1.33
66-62 = D = 1.00	61-60 = D- = .67
59 and under = F = 0	

Grade point averages reflect academic subjects plus the inclusion of any upper level visual or performing arts conservatory credits. Gulliver does not rank students, but does indicate the quality of their curriculum and relative academic achievement in a personal letter of recommendation. The following weighing system is used in determining GPAs:

Advanced Placement (AP).....	2 points
International Baccalaureate (IB).....	2 points
Pre IB/AP	2 points
Advanced.....	2 points
Conservatory	2 points
Honors (H)/Advanced.....	1 point

For graduation, a student must have 24 credits. One credit consists of a full-year course or two one-semester courses. The following must be included in a student's curriculum: American Literature, Biology with Lab, Chemistry with Lab, Physics with Lab, World History, United States History, and Government and Economics. World language credits must all be in the same language and must be taken at the high school level; lower level courses taken at the Middle School may count as prerequisites but do not count towards graduation. Twenty of the 24 credits required for graduation must be as indicated below.

English	4 credits
Mathematics	4 credits
Science (Laboratory)	4 credits
Social Science	3 credits
World Languages	2 credits (3 preferred)
Physical Education	1-1/2 credits
Health/Life Mgmt.	1/2 credit
Fine Arts	1 credit

DESIGN OF CURRICULUM

At Gulliver Prep, 75% of the student population participates in Advanced (formerly Pre-International Baccalaureate and Pre-Advanced Placement), Honors, Advanced Placement, or International Baccalaureate classes. College prep classes serve approximately 25% of the students. Students choose from a vast selection of rigorous academic offerings – more than 260 courses, including 133 electives and 68 World language offerings. Dual enrollment options at the University of Miami and other local colleges are available for students who wish to do advanced work and who have demonstrated exceptional academic potential.

International Baccalaureate Diploma: In 2021, Gulliver Preparatory graduated 50 seniors with the International Baccalaureate Diploma. Approximately 44% of the student population participates in the IB Programme, and we have a 94% IB Diploma pass rate the past 23 years. In the Class of 2022, 94 students are in the IB Programme.

Advanced Placement: Advanced Placement examination results for 2021 include:

Total Number of Exams:	762	AP Scholars:	47
Score of 5:	142	AP Scholars with Honors:	7
Score of 4:	173	AP Scholars with Distinction:	54
AP Pass Rate:	84%		

National Merit Scholarship Program (Classes of 2019-21): 22 commended students, 13 semifinalists, 12 finalists, 5 Merit Scholars and 51 National Hispanic Scholars.

College Admission Tests: The middle 50% range for College Admission Test scores for the classes of 2019-21 was:

SAT EBRW:	Mean: 644	Middle: 50%	590-700
SAT Math:	Mean: 648	Middle: 50%	580-720
ACT Composite:	Mean: 28	Middle: 50%	24-32

SIGNATURE ACADEMIC PROGRAMS

Architecture: The Architecture Program prepares students for successful careers in architecture, urban planning, and industrial design. Learning 21st century future-ready skills, students research, create, design, and build. In addition to learning traditional drafting skills, students learn to design and build scaled models in physical and virtual space. Students become proficient in Building Information Modeling (BIM) and Computer Aided Design and Drafting (CADD) systems. Utilizing the latest BIM ArchiCAD software, students design and build in virtual space, creating renderings, animations, hypermodels, and VR export.

Biomedical Sciences: Biomedical Sciences is designed to provide a sound academic foundation for studies in fields such as medicine, biomedical research, and health sciences. Over the course of four years, students acquire biotechnology laboratory skills and develop a portfolio of transportable skills they can apply in a broad career landscape.

Digital Mass Media: Digital Mass Media provides application of real-world skills through student-driven experiences in the areas of broadcasting, video, print, and online media platforms. This interdisciplinary program offers students opportunities to work in fast-paced, team-oriented, and deadline-driven environments. Students will take their experiences beyond the classroom as they work on projects for both internal and external clients. In addition, students who complete the program will have the opportunity to obtain professional industry certification.

Engineering: The Engineering Program helps prepare students for the 21st century workplace and leadership roles. Articulated through all grades, the rigorous project-based curriculum in science, technology, engineering, and mathematics (STEM) focuses on literacy, effective oral and written communication, group collaboration, and entrepreneurship.

International Business and Entrepreneurship: International Business and Entrepreneurship is an honors-level academic program that prepares Gulliver students to thrive at a rigorous undergraduate school. The program fosters the personal development of each student by nurturing intellectual curiosity, problem-solving, academic achievement, service, leadership, and interpersonal relationships. Students develop a stakeholder view of business that emphasizes sustainable ethical behavior and an understanding of the value that our future business leaders offer society.

International Diplomacy and Legal Studies: International Diplomacy and Legal Studies has been designed to provide students an advanced level curriculum that introduces them to careers in international diplomacy and law. This is a one-track program that culminates with a senior year capstone course. The International Diplomacy and Legal Studies program will also meet Gulliver's CORE (Community Outreach/Raider Experience) initiative by enforcing the idea that all politics are local. Students are required to plan and carry out a community service project that benefits their local community in some way. The program's main goal is to provide students with the skills and experience necessary to excel in a college level course while also helping them focus their academic interests before graduating high school.
