### ABOUT GULLIVER PREPARATORY SCHOOL

Gulliver Preparatory School, established in 1926, is a nonprofit, independent, coeducational, nonsectarian day school serving approximately 2,200 students in grades PK-12. Gulliver's mission is to create an academic community devoted to educational excellence, with a personal touch, that fulfills each student's potential. Upper School at Gulliver Prep is a time of expansive exploration, deep nurturing, bold empowerment, powerful personalization, pioneering entrepreneurship, and intellectual freedom.

### EXTRAORDINARY OPPORTUNITIES AND A COMMITMENT TO INNOVATION

Gulliver Prep students have room to explore a challenging array of unique elective choices, in addition to both International Baccalaureate and Advanced Placement tracks.

- Gulliver's International Baccalaureate Diploma pass rate is historically above 95%, and 179 members of the classes of 2023 and 2024 are participating.
- Gulliver offers 31 Advanced Placement courses with a 78% pass rate.

By enrolling in six or seven courses per semester, our students engage deeply in meaningful academic opportunities in addition to their challenging core coursework.

### A DIVERSE STUDENT BODY BEFITTING A GLOBAL CITY

Gulliver Prep's student body represents more than 50 countries, and more than 25% of our students come from homes where a language other than English is spoken.

## GULLIVER AND COVID-19

In so many essential ways, Gulliver’s operations and functioning were spared the massive disruptions that impacted so many of our South Florida peer schools. We moved to fully-remote learning on March 13, 2020, and reopened our doors to blended learning on September 10, 2020, after starting classes remotely in August. Last year, we opened fully in-person, while enforcing mandatory mask use, and have generally been fortunate to keep our students safe. We were able to maintain the integrity of our academic experience with a lot of hard work and great resources, and were able to get hotspots and other assistance to our kids who struggled with internet connectivity issues. We maintained our normal grading system, and did all we could to ensure that student performance in 2019-20 and 2020-21 reflected the same rigor and range that would have been reflected in a more normal year. In 2021-22, we were back full-time in person, and managed to avoid any large-scale disruptions due to COVID. Our current seniors were less impacted than the previous two classes when it came to standardized testing opportunities. Naturally, the stress of the pandemic has been immense for everyone involved: students, families, and teachers alike. For every student, there has been impact, often significant. As a whole, however, we have been fortunate, and the transcripts of our students reflect an academic experience that is as “normal” as it could have been in such abnormal times.

## MARKING SYSTEM AND PROGRAM OF STUDIES

**Academic Honors Mark: B+**  
**College Recommendation Mark: C**

100-97 = A+ = 4.33    96-93 = A = 4.00  
 92-90 = A- = 3.67    89-87 = B+ = 3.33  
 86-83 = B = 3.00    82-80 = B- = 2.67  
 79-77 = C+ = 2.33    76-73 = C = 2.00  
 72-70 = C- = 1.67    69-67 = D+ = 1.33  
 66-62 = D = 1.00    61-60 = D- = .67  
 59 and under = F = 0

Grade point averages reflect academic subjects plus the inclusion of any upper level visual or performing arts conservatory credits. Gulliver does not rank students, but does indicate the quality of their curriculum and relative academic achievement in a personal letter of recommendation. The following weighing system is used in determining GPAs:

Advanced Placement (AP)..... 2 points  
 International Baccalaureate (IB)..... 2 points  
 Pre IB/AP ..... 2 points  
 Advanced..... 2 points  
 Conservatory ..... 2 points  
 Honors (H)/Advanced..... 1 point

For graduation, a student must have 24 credits. One credit consists of a full-year course or two one-semester courses. The following must be included in a student’s curriculum: American Literature, Biology with Lab, Chemistry with Lab, Physics with Lab, World History, United States History, and Government and Economics. World language credits must all be in the same language and must be taken at the high school level; lower level courses taken at the Middle School may count as prerequisites but do not count towards graduation. Twenty of the 24 credits required for graduation must be as indicated below.

<b>English</b>	<b>4 credits</b>
<b>Mathematics</b>	<b>4 credits</b>
<b>Science (Laboratory)</b>	<b>4 credits</b>
<b>Social Science</b>	<b>3 credits</b>
<b>World Languages</b>	<b>2 credits (3 preferred)</b>
<b>Physical Education</b>	<b>1-1/2 credits</b>
<b>Health/Life Mgmt.</b>	<b>1/2 credit</b>
<b>Fine Arts</b>	<b>1 credit</b>

## DESIGN OF CURRICULUM

At Gulliver Prep, 75% of the student population participates in Pre-International Baccalaureate, Pre-Advanced Placement, Honors, Advanced Placement, or International Baccalaureate classes. College prep classes serve approximately 25% of the students. Students choose from a vast selection of rigorous academic offerings – more than 290 courses, including 160 electives and 70 world language offerings. Dual enrollment options at the University of Miami and other local colleges are available for students who wish to do advanced work and who have demonstrated exceptional academic potential.

**International Baccalaureate Diploma:** In 2022, Gulliver Preparatory graduated 89 seniors with the International Baccalaureate Diploma. Approximately 44% of the student population participates in the IB Programme, and we have a 95% IB Diploma pass rate the past 24 years. In the Class of 2023, 91 students are in the IB Programme.

**Advanced Placement:** Advanced Placement examination results for 2022 include:

<b>Total Number of Exams:</b>	607	<b>AP Scholars:</b>	30
<b>Score of 5:</b>	176	<b>AP Scholars with Honors:</b>	14
<b>Score of 4:</b>	150	<b>AP Scholars with Distinction:</b>	44
<b>AP Pass Rate:</b>	78%		

**National Merit Scholarship Program (Classes of 2020-22):** 28 Commended Students, 14 Semifinalists, 13 Finalists, 8 Merit Scholars, and 45 National Hispanic Scholars.

**College Admission Tests:** The middle 50% range for College Admission Test scores for the classes of 2020-22 was:

<b>SAT EBRW:</b>	Mean: 639	Middle: 50%	590-690
<b>SAT Math:</b>	Mean: 634	Middle: 50%	570-700
<b>ACT Composite:</b>	Mean: 28	Middle: 50%	25-32

## SIGNATURE ACADEMIC PROGRAMS

**Architecture:** The Architecture Program prepares students for successful careers in architecture, urban planning, and industrial design. Learning 21st century future-ready skills, students research, create, design, and build. In addition to learning traditional drafting skills, students learn to design and build scaled models in physical and virtual space. Students become proficient in Building Information Modeling (BIM) and Computer Aided Design and Drafting (CADD) systems. Utilizing the latest BIM ArchiCAD software, students design and build in virtual space, creating renderings, animations, hypermodels, and VR export.

**Biomedical Sciences:** Biomedical Sciences is designed to provide a sound academic foundation for studies in fields such as medicine, biomedical research, and health sciences. Over the course of four years, students acquire biotechnology laboratory skills and develop a portfolio of transportable skills they can apply in a broad career landscape.

**Digital Mass Media:** Digital Mass Media provides application of real-world skills through student-driven experiences in the areas of broadcasting, video, print, and online media platforms. This interdisciplinary program offers students opportunities to work in fast-paced, team-oriented, and deadline-driven environments. Students will take their experiences beyond the classroom as they work on projects for both internal and external clients. In addition, students who complete the program will have the opportunity to obtain professional industry certification.

**Engineering:** The Engineering Program helps prepare students for the 21st century workplace and leadership roles. Articulated through all grades, the rigorous project-based curriculum in science, technology, engineering, and mathematics (STEM) focuses on literacy, effective oral and written communication, group collaboration, and entrepreneurship.

**International Business and Entrepreneurship:** International Business and Entrepreneurship is an honors-level academic program that prepares Gulliver students to thrive at a rigorous undergraduate school. The program fosters the personal development of each student by nurturing intellectual curiosity, problem-solving, academic achievement, service, leadership, and interpersonal relationships. Students develop a stakeholder view of business that emphasizes sustainable ethical behavior and an understanding of the value that our future business leaders offer society.

**International Diplomacy and Legal Studies:** International Diplomacy and Legal Studies has been designed to provide students an advanced level curriculum that introduces them to careers in international diplomacy and law. This is a one-track program that culminates with a senior year capstone course. The International Diplomacy and Legal Studies program will also meet Gulliver's CORE (Community Outreach/Raider Experience) initiative by enforcing the idea that all politics are local. Students are required to plan and carry out a community service project that benefits their local community in some way. The program's main goal is to provide students with the skills and experience necessary to excel in a college level course while also helping them focus their academic interests before graduating high school.
