# A TIME FOR TRANSFORMATION

---

A world-class education demands world-class facilities and we're here to go beyond; to offer students an opportunity-filled learning experience designed to challenge, enlighten, and transform.

Our master plan will transform the student experience, renew our campus and ensure that Gulliver Prep continues to thrive long into the future.

Whether in the classroom, in the research laboratory, or on the field, much of Gulliver Preparatory School's success would not be possible without generous gifts from supporters of all levels.

## 01

### DINING & MULTI-PURPOSE HALL

Upgrades to the dining facility will increase space for the kitchen and dining area by 30 percent. The two-story space will accommodate student dining, presentations, recitals, art exhibits, and more.

## 02

### FLEXIBLE LABS & CLASSROOMS

Additional classrooms will provide space for new programming with flexibility to adapt to new educational opportunities and emerging technologies. Multipurpose spaces will support STEAM (science, technology, engineering, arts and math) programs and many other learning opportunities.

## 03

### GYM & PERFORMANCE SPACE

Maximizing the use of space for recreation, learning and performing arts, the new multipurpose building will accommodate both a multisport gymnasium and a performance venue, featuring flexible seating, staging and learning spaces. The facility will have a seating capacity for more than 1,000.

## 04

### PERFORMING & VISUAL ARTS

Larger, more vibrant choral, drama, music, dance, and art facilities will draw out the creative talents of our students.

# MULTIPURPOSE SPACES

The **Dining Hall** is more than a space where students share meals and conversations. Our space converts into a venue for members of our community to socialize, celebrate traditions, host events, and engage in campus life.

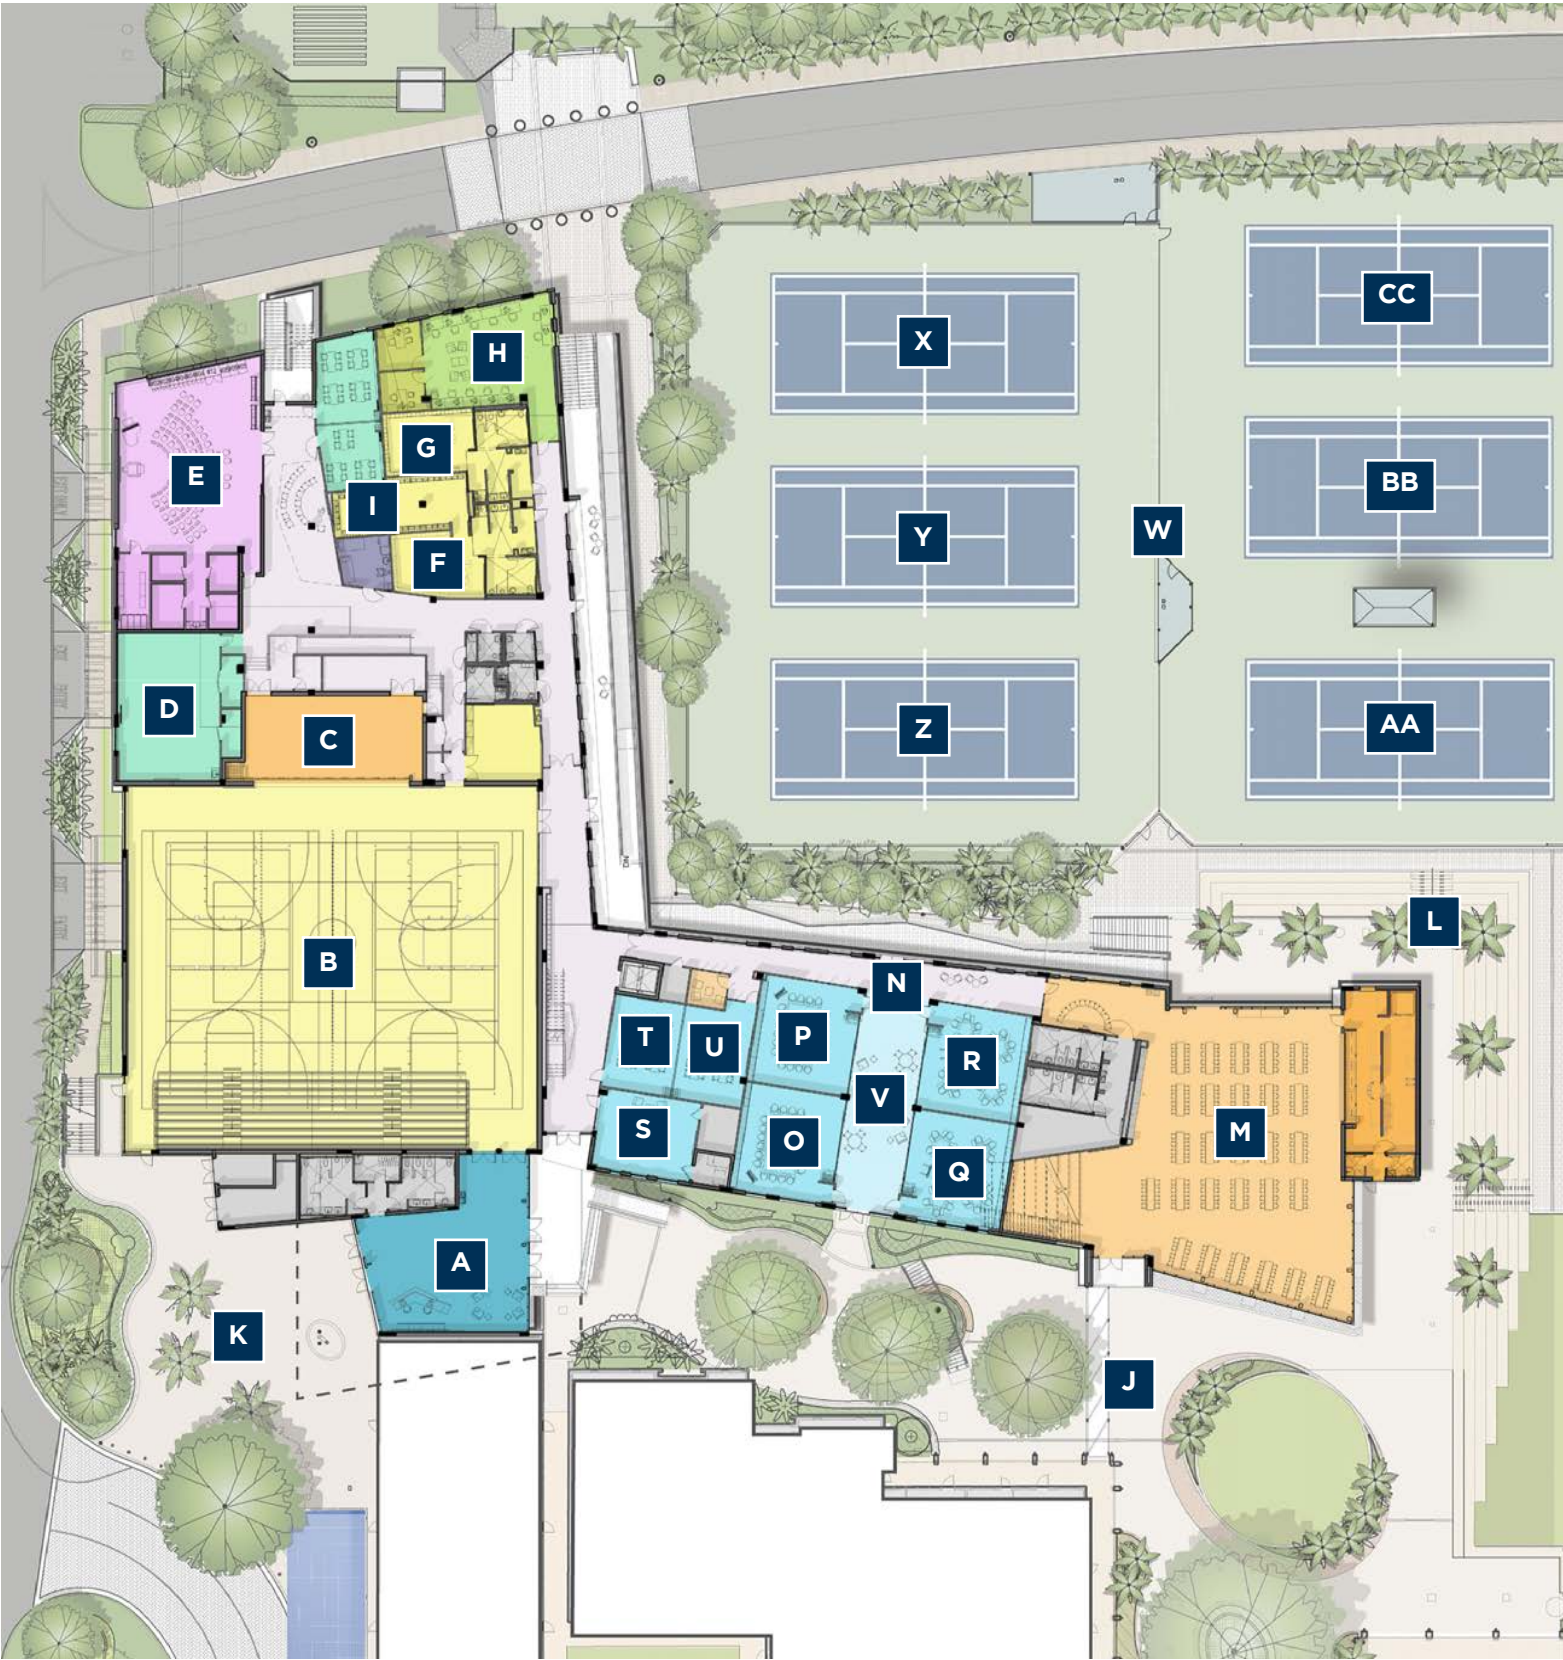

## DINING & MULTIPURPOSE HALL

The **Gymnasium** transforms into a performance venue for concerts, plays, and shows where students can showcase their many talents. The Gymnasium will be a versatile space, not only serving as a fitness facility for students, but also a home base for athletic teams, and a place where students come together to celebrate their Raider pride.
