

Dear Gulliver Community,

I hope you are enjoying the beginning of summer break!

As promised, we are sharing our initial reopening plan [linked here](#). Our plan has been developed in close consultation with our COVID-19 Task Force and in accordance with CDC guidelines. Admittedly, these guidelines are changing almost weekly. For that reason, please understand that this plan is an operating framework based on the current guidance and advice of experts, and it will be modified as the guidelines and advice change over the summer. On July 10, I will share an updated plan which will include additional details.

Our plan leverages our four campuses even more fully than they are currently utilized, and it allows all students to attend school every day with social distancing protocols in place. Now that this framework has been established, we will be forming additional internal subcommittees of the Task Force which include faculty, staff and other school leaders to further our planning for teaching, learning and the many components of school life.

While Gulliver plans to open its campuses for all students to return on August 20, we recognize that due to underlying health conditions or other factors, you may not be comfortable with your child(ren) returning to campus. We will offer a hybrid learning option which allows your child(ren) to learn and participate in on-campus classes remotely. We will be sending a brief survey next Wednesday asking families to let us know your intentions with regard to your child(ren) returning to campus. It is very important for our planning that every family completes the survey.

We are excited that we have been able to develop a plan that allows for the safe return of our students, faculty and staff to campus, and we look forward to seeing everyone in August! I will be in touch with you again before then on July 10.

Sincerely,

Cliff Kling P '23 '26
